Cumulative Editorial Index

Including January 1979 through December 1979. Number preceding hyphen is month of issue; those following are page numbers. Asterisks indicate items appearing in departments. PRODUCTION ENGINEERING is indexed in Applied Science & Technology and the Engineering Index, available in libraries generally. Microfilm copies are available from University Microfilms, 300 N. Zeeb Rd., Ann Arbor, Mich. 48106. Reprints of early issues are available from Johnson Reprint Corp., 111 Fifth Ave., New York, N.Y. 10003.

Adhesives,
major industrial types of, 3-34
foam hot melt, 11-10*
Advertising, use of sex in, 6-117
Arai, J., Productivity—The Japanese Approach, 9-31
Audits, operational, overview, 6-50
